and two blocks north of Mockingbird Lane

News by Charles

Summer vacations are here for our people and boy can we have fun at **High-Stone** while they are away.....

VACATION TIME!

Charles says,

Summer vacations are here for most people, so I want to talk to you about your family taking trips. When they say "Let's find a boarding place" ***DON'T get upset*** because we have a blast here when our families go on trips. They think we are so quiet when the lights are out, But oh,.. if they only knew. As soon as the lights are out the conversations begin. We discuss everything about the other dogs until about 10PM. We talk about who is going to rule in Day Care the next day. And sometimes the girls talk ugly about the way some of the guys behave. We are just trying to be friendly. Women don't understand guys at all. They come up and kiss us on the cheek and then show us their teeth, they just kiss and growl – so go figure. When my Dad built **High-Stone** he said he wanted a really clean and cool place for me to stay. So he built really nice rooms that open into each other and sit off the floor. Recently he built fancy suites.

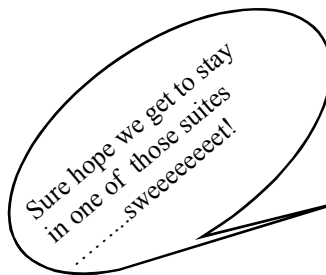

What are suites? My owner calls them special places for my friends to stay. They went to all kinds of stores to find decorations for them – Della, my human mom, kept saying she wanted a Happy Room- I didn't know rooms had emotions. Have you ever seen an unhappy room? She put Disney TV's with Mickey Mouse ears for me to watch. I have my choice of several different movies each day. Sometimes I get to watch ***101 Dalmatians***. At other times I view ***Lion King*** or ***Lady and the Tramp***. I never know what is showing and that's sort of fun because I get to watch them all. I will never tell them which one I really like so they keep them rolling. How much fun is that! Man, they even let me chew on a bone while I watch the movies. I have my own bed and mattress off the floor. My owner visited a lot of other facilities in Dallas, but she says that **High-Stone** is the happiest. I guess that makes me a Happy Camper! Some of my friends like the idea that our sleeping area is cool, and clean just like home. We even get to go outside and go to the bathroom before bedtime, just like at home! This is my special "Bed & Breakfast"!

Boarding at **High-Stone** is a lot like going camping, because we have games with balls and tug a war in the mornings for my big friends and us smaller guys and gals get to play in the afternoons without the big dogs bothering us. My owner said that we are so lucky that we have never have a fight. I think the monitors keep us so busy in the Day Care Room that we don't have time to disagree. My class is in the afternoon so by the time day care is over we are ready to go out side. Then, they serve us another meal, because we are so hungry from playing for hours in Day Care. I sometimes feel sorry for the moms and dads that don't want to let us stay and play with everyone. If you come to pick one of us up after a day in Day Care all we want to do is go home and go to bed. It is the aerobic workout like my mom does.

So when you hear your parents say "We are going to see Grand Ma" this summer or any other trip or vacation, just remember **High-Stone** for the cool comforts of home with a lot more socializing.

Sincerely,
Charles

High-Stone Special Events

Activity within the dog community is continuous around **High-Stone**.

Our special events range from *fun to functional!*

As many of you know, we had a great turnout for Halloween with an abundance of cute dogs dressed to kill. Our Valentine's Day special included an on-site pet photographer taking photos of your special "child". In March, a professional handler from Phoenix visited to demonstrate how best to groom Terriers. Our most recent 2 day seminar on "Controlling Your Pets" was conducted by a nationally known trainer from Chicago. This one took place inside **High-Stone Pet Lodge** as well as a nearby park. Based on the *bark-you's* received from pets and owners alike it was a great success. Look at our web site for more photos—

www.high-stonepetlodge.com

If we are not in the middle of an event, we have special dog clubs that meet during the week at **High-Stone** in the evenings.

Of course, our Groomer, Rick Fowler, is a nationally recognized handler and breeder of Scottish Terriers. Rick just returned from another show in New Hampshire.

Della will be attending the huge Houston show as a breeder/handler in a couple of weeks and then preparing to show her Lakeland Terriers in the Philadelphia show in prestigious Buck County in October.
